Credits

An ordinary one-year class of the regular course consists of 100 minutes x 28 weeks through two semesters and is worthy of 4 credits. The quantity of the credits is calculated in proportion to the total minutes at each faculty of Hosei University as follows:

8 credits	5,600 minutes in a year (spring and fall semester)
4 credits	2,800 minutes in a year (spring and fall semester)
2 credits	1,400 minutes in a semester
1 credit	1,400 minutes in a semester (generally for foreign language class credits)
#credits	When students join only one semester in an one-year (two semester) regular class, half quantity of credits that is supposed to be given to the class of one year is equivalent to one semester.
