BRIEF INTRODUCTION TO CAPITAL NORMAL UNIVERSITY

Dated back to the year of 1965, Capital Normal University (CNU) became one of the first 23 universities qualified for Chinese language teaching for international students in China. CNU enrolls approximately 2,500 international students for long-term and short-term programs each year.

College of International Education (CIE) of CNU has designed various types of online and on-site Chinese language courses. There are more than 50 professional teachers in CIE and all of them are well-experienced. 30 of them had obtained doctoral degrees, 30 were senior professional teachers. 80% of them have overseas teaching experience. Apart from winning awards in competitions during schooling time, CIE students contributed to Sino-foreign cultural communications after graduation. Our alumni later became simultaneous interpreters for national leaders. Some of them are engaged in Chinese language teaching and literary translation. There are also students who contributed significantly to business cooperation with Chinese economy.
