Course Structure

The course aims to develop learners' fluency and accuracy when using English by focusing on the application of the language (reading comprehension, writing, listening comprehension, and speaking).

This is done by exploring various contexts where English is used in formal and informal social situations. A practical approach will be used where learners will be engaged in various contexts in which the target language will be introduced and applied, along with grammar and vocabulary.

Before learners join our online classes, they are carefully assessed by means of a placement test, so that the appropriate level of study may be assigned to them. Our courses progress through eight levels of academic study, from 'Beginner' to 'Level 3'. Within each level, learners are tested through various methods to provide a system of monitoring student understanding and eligibility for progression to the next level of study.

The table below clearly illustrates the levels that are offered under the English Holiday Programme:

Course Name	Course Level	Course Description
Beginner	3 and 4	Elementary
Level 1	5 and 6	Pre-Intermediate
Level 2	7 and 8	Intermediate
Level 3	9 and 10	Upper Intermediate

A Certificate of Attendance will be issued at the end of the course to candidates who fulfilled at least 80% of the attendance requirement.

Teaching and Learning Resources

The course adopts two collections of books by Cambridge English: the Empower and Mindset for IELTS series. Lessons and assessments are specifically geared towards the International English Language Testing System (IELTS), the world's most popular high-stakes English language proficiency test for study, work, and migration. Learners will be exposed to IELTS test-taking strategies covering all four test components, helping them to achieve their desired IELTS band score, should they opt to take the test.
