4	【オンライン】トーゴの高級布と京都の伝統技術をつなぐ起業家意欲でのオンラインプロジェクト	Internship under the direct supervision of an entrepreneur to connect Togo's fine fabrics with Kyoto's traditional techniques	Start up business	Business connecting Togo and Japan "Kente", a cloth made by the local people of the Ewe tribe, is the finest product in West Africa. It is a prestigious cloth that once was only allowed to be worn by the royal family. We are making custom-made products by connecting this Togo woven cloth with the traditional dyeing technique of Kyoto, which is globally acclaimed. The reality of the poorest countries and the current state of traditional technology, which have the problem of lack of successors as the population ages. Craftsmanship in both Togo and Kyoto tells you the warmth of one's hand. We ethically purchase locally rooted materials and deliver them in a way that the faces of everyone involved in production can be seen. We aim to create a world where everyone can laugh and spend, not only by making, and selling clothes, but also by changing the sense of values of people through the stories contained in them.
